19 March 2019

Dear Resident,

NOTIFICATION – USE OF PESTICIDE – DUTTON CENTRE

As required under the *Pesticides Regulation 2009*, Strathfield Council gives notice of pesticide spraying scheduled to take place at Threw Reserve/Dutton Centre during the period of **26 March 2019 – 6 April 2019**.

The following pesticides: Stadium or Javelin herbicide may be used during the above mentioned pesticide spraying. MSDS sheets for these products are available on Council's website should you require any further information.

MSDS sheets, Council's Pesticide Notification Plan and a copy of this notification letter may be downloaded from the following webpage:

<http://www.strathfield.nsw.gov.au/council/public-notices/current-public-notices/pesticide-spraying/>

Council ensures that pesticides are applied in a safe and responsible manner, minimising harm to the community and the environment.

If you have any queries, please do not hesitate to contact Ryan Long for further information by telephone on 02 9748 9999.

Yours faithfully,

ROBERT CRANMER
PARKS MANAGER
