1. Introduction

1.1 Title

This plan is titled 'Croquet Lawns' Plan of Management.

The current plan was adopted by Council resolution at the meeting of xx.

This plan of management applies to land located at located at 50 Redmyre Road Strathfield. The lawns are located behind 52 Redmyre Road. The lawns are surrounded at east, south and west by residential properties.

Ownership, lot details and zoning information is set out in Table 1 (information from Council Geographical Information System (GIS) 2019).

The location map of Croquet Lawns is set out in Figure 1.

Figure 1 Croquet Lawns at 50 Redmyre Road Strathfield Location Map

1.2 Purpose of this Plan of Management

The *Local Government Act 1993* and amendments to the *Crown Land Management Act 2016* require all public land including Crown Reserves, owned or managed by Council, to be classified as either 'community' land or 'operational' land. Land classified as 'community' land must be managed and used in accordance with an adopted Plan of Management.

Plans of Management are developed by Council in consultation with the community. A Plan of Management describes the features of the community land and outlines how the land may be managed and used, consistent with land categorisations, core objectives and zoning, to provide a transparent and co-ordinated approach to public land management. The land described in this Plan of Management is classified as community land.

The purpose of this Plan of Management is to:

- contribute to the strategic goals and vision as set out in the Strathfield Community Strategic Plan
- ensure compliance with the *Local Government Act 1993* and relevant legislation and guidelines
- provide clarity regarding use and access to the community land as described in this plan.

1.3 Contents of this Plan of Management

This Plan of Management is divided into the following sections, as outlined in Table 2.

Table 2 - Structure of this Plan of Management

Section	What does it include?
1. Introduction	Title, land covered by plan, purpose, contents and review of the plan
2. About the Strathfield LGA	Recognition of traditional custodians, Strathfield LGA snapshot, trends, community vision, legislative and policy framework, and references.
3. Land – category, classification, use and access	Site description, land use/history, land categories and classifications, maps, use of land and structures, environmental features, condition of land and structures and heritage.
4. Land Uses	Permissible uses and development, scale and intensity of use, authorisation of leases, licences and short term uses.
5. Management of the land	Objectives, performance targets, means and manner for assessment of performance

1.4. Change and Review of Plan of Management

This Plan of Management will require regular review in order to align with community values and changing community needs, and to reflect changes in Council priorities. The performance of this Plan of Management will be reviewed on a regular basis to ensure the use of land and structures is well maintained and consistent with Council's strategic objectives and community values.

Strategic reviews of this Plan of Management will be required where there is significant change to legislation, land ownership/management or proposed land use. Regular reviews should occur at five (5) year intervals.

2. About Strathfield Local Government Area

2.1 Recognition of Traditional Custodians

Strathfield Council acknowledges the Wangal people, the traditional Custodians of the lands on which the Strathfield area is located. We pay respect to Elders past, present and emerging.

2.2 Snapshot of Strathfield Local Government Area (LGA)

The Strathfield Local Government Area (LGA) is well known for transport connections, educational opportunities, attractive streetscapes, parks, heritage and buildings. The Strathfield LGA is centrally located in Sydney's Inner West, approximately 10.5 kilometres from the Sydney CBD and half way between Parramatta and the Sydney CBD. The LGA includes the suburbs of Strathfield (postcode 2135), Strathfield South (2136), Homebush (2140), Homebush West (2140), part of Belfield (2191) and part of Greenacre (2190). Sydney Markets (postcode 2129) is also located within Strathfield LGA.

Strathfield LGA is well known for its extensive green open spaces and high quality recreational facilities, which enhance the liveability, amenity and sustainability of the local area. The Strathfield LGA has a total area of approximately 1390 ha (13.9km²) with 104 ha of the total area being public open space (2018 estimates). There is currently 9.06 ha of remnant bushland in the LGA and about 6 ha is under Council management.

In 2019, the estimated residential LGA population was about 47,000 residents and by 2041, the resident population is estimated to reach over 80,000 people (NSW Planning 2019). The growing population and accompanying building density will increase demand for access to and usage of available open space and community facilities. Therefore, management of community land is of critical importance to current and future communities.

Open spaces range from regional and district sporting grounds to smaller local parks and reserves. Significant parks with major sporting facilities include Airey Park, Bressington Park, Bark Huts Reserve, Begnell Field, Cooke Park, Hudson Park, Mason Park and Strathfield Park. Many local biodiversity conservation and habitat connectivity priority areas, including flora and fauna assets, are located within Strathfield LGA's parks and reserves. A number of connected parks and open spaces form the Cooks River Foreshore open space network, an important local and regional habitat corridor and pedestrian and cycle transport connection.

Strathfield LGA also provides many community facilities, located on community land including meeting rooms, halls and community centres which are available for hire by groups and individuals for sporting, community, recreation, social and other purposes.

2.3 Strathfield LGA community and recreational trends

Some of the challenges facing the Strathfield LGA include increasing and competing demands for public open space and community facilities. Strathfield Council is strongly focused on identifying and meeting the current and future needs of the Strathfield community in a sustainable manner.

Recent community engagement and analysis of social and recreational trends indicate increasing participation in recreation, sporting and leisure activities such as organised team sports, walking, cycling, running, aerobic fitness and dog walking. There is increased demand for access to community and recreation facilities, outdoor and indoor.

Priorities for Council involve increasing the capacity of local community facilities, parks and sportsgrounds, developing new community and recreational facilities as required and ensuring equity of access to land and facilities, to meet changing and diverse needs.

2.4 Community Vision and Key Strategic Directions

The community vision describes the community's aspirations for the future of the Strathfield Local Government Area by 2030:

"Strathfield is a culturally diverse and socially cohesive community with respect for its heritage and environment and proud of its well-connected transport, business and educational institutions".

Strathfield 2030 is the community strategic plan for the Strathfield Local Government Area until 2030. The plan was developed following extensive community engagement and is divided into the key themes of Connectivity, Community Wellbeing, Civic Pride and Management. Liveable Neighbourhoods and Responsible Leadership. This plan particularly aligns with Council's strategic goals of Healthy and Active Communities (2.2), Safe and Accessible Places (2.3), Thriving and Resilient Environment (4.3) and relevant actions set out in the four year Delivery Program and annual Operational Plan.

This plan is aligned with the Strathfield Local Strategic Planning Statement (LSPS) which defines the long term vision for land use and infrastructure provisions within the Strathfield LGA and supports place within the Greater Sydney and District planning frameworks. This plan of management aligns with the LSPS Priority P13 'Biodiversity and ecological health and resiliency is conserved, restored and enhanced' and Priority P15 'Quality Open Spaces and thriving green corridors offset the impacts of growth across the LGA' and action plan A93 to review and prepare new plans of management.

2.5 Legislative and Policy Framework

The following legislation and policies provide a framework for the preparation of this Plan of Management.

Local Government Act 1993 (NSW) (LG Act) requires the preparation of Plans of Management (POMs) for Council owned land, and requires all community land to be categorised.

Environmental Planning and Assessment Act 1979 (NSW) (EP&A Act) is the principal planning legislation for NSW, that provides a framework for the environmental planning and assessment of development proposals and preparation of environmental planning instruments (including the Local Environmental Plan or LEP).

Crown Lands Management Act 2016 (NSW) (CLM Act) governs the planning, management and use of Crown land, including provisions to reserve or dedicate lands for a prescribed public purpose and for

leasing and licensing. Crown land under Council management requires classification and categorisations under the LG Act and preparation of Plans of Management.

Biodiversity Conservation Act 2016 (NSW) (BC Act) requires that Councils consider the impact on threatened species, populations and communities in fulfilling their statutory responsibilities under the EP&A Act for development approvals. It also covers management of threatened species and communities on Council owned lands.

Environment Protection and Biodiversity Conservation Act 1999 (Commonwealth) (EPBC Act) provides a national scheme for environmental protection and biodiversity conservation, and incorporates referral mechanisms and environmental impact assessment processes for projects of national significance.

State Environmental Planning Policy 19 – Bushland in Urban Areas aims to protect and preserve bushland in the Sydney Metropolitan area. The SEPP is concerned with disturbances and development affecting bushland areas.

Companion Animal Act 1998 (NSW) requires the identification and registration of companion animals (e.g. cats and dogs) and sets out the duties and responsibilities in relation to management of animals and specific areas of land.

Local Land Services Act 2013 (NSW) provides a framework to ensure the proper management of natural resources in the social, economic and environmental interests of the State. Strathfield is part of the Greater Sydney Local Land Services (GSLLS), which provides guidance on matters such as community engagement, biosecurity and weeds.

Also relevant are:

- Protection of the Environment Operations Act 1997 (NSW)
- Water Management Act 2000 (NSW)
- Disability Discrimination Act 1992 (NSW) and Disability Inclusion Act 2014 (NSW)
- Biosecurity Act 2015 (NSW)
- Fisheries Management Act 1994 (NSW)
- Rural Fires Act 1997 (NSW)
- National Parks and Wildlife Act 1974 (NSW)

3. Land – category, classification, use and access

3.1 Description of site

50 Redmyre Road Strathfield has croquet lawns and a small amenities/clubhouse building.

3.2 Land prior use and history

The land on which the Strathfield Croquet Club is located was owned by Thomas Holley, who operated a produce, fuel and general store. In 1941, the site was acquired by Strathfield Council from Holley's estate for £2750. Council built a Baby Health Centre at the land facing Redmyre Road in 1944 and Strathfield Croquet Club in 1946 at the rear.

Strathfield Croquet Club, 50 Redmyre Road, was formerly part of Strathfield Recreation Club, which was established in 1881 as the Union Recreation Club with tennis and bowling facilities. Croquet was established at the Strathfield Recreation Club in 1922 and was separated from this Club in 1941 and relocated to the Redmyre Road site. This site has been continuously leased by Strathfield Council to Strathfield Croquet Club since 1946. The relocation of the Croquet Club permitted the expansion of Bowling Greens at Strathfield Recreation Club.

The Croquet Lawns site has two croquet lawns and an amenities building, which serves as a small clubhouse for members of the Strathfield Croquet Club. The Clubhouse was given by the Firth family to honour of Clara Ruth Firth a committed Club member, and several times Club President and Club Champion. Clara was the wife of John Robert Firth, principal of P J Firth paper and cardboard manufacturers, Alderman (1911-1948) and Mayor of Strathfield (1916-17, 1927-1931)¹.

The Clubhouse was officially opened on 29th May 1947. The Clubhouse was presented to Strathfield Council by the Firth family for use in connection to the Croquet Lawns and as a mark of their love and affection for their mother.

3.3 Categories and classifications of Community Land

The management of community land is governed by the categorisation of the land, and the core objectives of the relevant category of community land. The core objectives for the category are set out in the *Local Government Act 1993*. The guidelines and core objectives for relevant categories are set out in Table 3.

Table 3 - Guidelines for and core objectives of community land

Category	Guidelines ²	Core objectives ³
Sportsground	<i>Regulation cl.103</i> Land should be categorised as 'sportsground' if the land is used primarily for active recreation involving organised sports or the playing of outdoor games.	<i>Category Sportsground - (Section 36F)</i> <ul style="list-style-type: none">• to encourage, promote and facilitate recreational pursuits in the community involving organised and informal sporting activities and games, and• to ensure that such activities are managed having regard to any adverse impact on nearby residences.

Council must manage community land in according to these core objectives. Any activities or uses of the land should be consistent with the core objectives for that category of land. Additional objectives which support the above core objectives are included in Section 5 Management of the land.

The land classified as community land under the *Local Government Act 1993* is categorised as Sportsground. The categorised areas are marked in Figure 3.

² *Local Government General Regulation 2005*

³ *Local Government Act 1993*

Figure 3 Map of 50 Redmyre Road Strathfield land categorisations

3.4 Use of the land and structures at date of adoption of the plan

This land is currently used for recreation and playing of Croquet, Ricochet, Gateball and Golf Croquet. The land is categorised as Sportsground.

The Sportsground currently contains two croquet lawns and a club house.

3.5 Environmental features

This site has various plantings around the borders of the croquet lawns.

3.6 Condition of the land and structures on adoption of the plan

The criteria for assessing the condition of land and structure upon adoption of this plan of management are shown in Table 4 and the interpretation of the condition of infrastructure in Table 5.

Table 4 Condition rating assessment criteria

Rating	Descriptor	Guide	Residual Life as a % of Total Life	Mean % age residual life
1 Excellent	Sound physical condition. Asset likely to perform adequately without major work.	Normal maintenance required	>86	95
2 Good	Acceptable physical condition, minimal short term risk of failure.	Normal maintenance plus minor repairs required (to 5% or less of the asset)	65 to 85	80
3 Satisfactory	Deterioration evident, failure in the short term unlikely. Minor components need replacement or repair now but asset still functions safely.	Significant maintenance and/or repairs required (to 10-20% of the asset)	41 to 64	55
4 Worn	Deterioration of the asset is evident and failure is possible in the short term. No immediate risk to health and safety.	Significant renewal required (to 20 - 40% of the asset)	10 to 40	35
5 Poor	Failed or failure is imminent or there is significant deterioration of the asset. Health and safety hazards exist which present a possible risk to public safety.	Over 50% of the asset requires renewal	<10	5

Table 5 Condition of assets at Croquet Lawns

Description	Condition
Clubhouse	Satisfactory
Croquet Lawns	Good

3.7 Heritage

50 Redmyre Road Strathfield is located within the Redmyre Road Heritage Conservation area. This is listed in Schedule 5 (Environmental Heritage) of the Strathfield Local Environmental Plan 2012.

4. Land Uses

4.1 Permissible uses and developments

The tables below set out the purpose/use of the land consistent with its land categorisation and the types of development generally associated with those uses. Facilities on community land may change over time, reflecting the needs of the community. The anticipated uses, and associated development, identified in Table 6 are intended to provide an overview or general guide. Development is subject to requirements set out in clauses 4.2 and 4.3

Table 6 - Permissible uses of land categories – Sportsgrounds

Purpose/Use	Development
<ul style="list-style-type: none">• Active and passive recreational and sporting activities consistent with the nature of the particular land and any relevant facilities eg croquet lawns (sports may include croquet, golf croquet, ricochet and gateball)• Organised and unstructured recreation activities• Community events or gatherings, and public meetings• Commercial uses associated with sports facilities• Easement, utilities and estate	<ul style="list-style-type: none">• Development for the purpose of conducting and facilitating organised sport• Sportsfields eg croquet lawns (sports may include low impact activities such as croquet, golf croquet, ricochet and gateball)• Amenities eg change room, lockers, shower/toilet facilities, first aid rooms, seating• Café or kiosk facilities, mobile coffee cart or food vending subject to site assessment and Council approval• Car parking and loading areas• Ancillary areas eg staff rooms, meeting rooms, equipment storage areas• Shade structures• Seating and scoreboards• Sports or fitness training, and practice facilities• Heritage and cultural interpretation eg signs, public art• Advertising structures and signage (such as A-frames and banners) that relate to approved uses/activities, discreet and temporary and approved by Council.• Water/Energy savings initiatives• Lighting and water (eg taps, bubblers)

The sportsground is currently licenced to the Strathfield Croquet Club and short term bookings can be made with the licence holder subject to approval.

4.2 Future development and use of the community land

There are no plans for development at Southend Tennis Centre at the time of preparation of the Plan of Management.

Minor changes to community land are regularly made on a routine basis, such as garden beds are replanted, and damaged play equipment is replaced.

In the event of potential future development other than that listed, proposed changes of use of community land will:

1. Meet legislative requirements – land use tables (zoning) in the Strathfield Council Local Environmental Plan specifies the range of uses and activities that may be permitted on the land. A number of uses are also set out in the Regulations to the *Local Government Act 1993*.
2. Be consistent with the guidelines and core objectives of the community land category - under the *Local Government Act 1993* uses and development of community land must be consistent with the guidelines for categorisation and the core objectives of each category, and any other additional objectives the Council proposes to place on the community land categories.
3. Be consistent with relevant Council policies - substantial upgrades and proposed new development will take into account a range of factors, including:
 - this Plan of Management and the core objectives for the land
 - the planning controls for the land
 - Council's adopted policies
 - the characteristics of the land affected, including existing and future use patterns
 - any landscape masterplan for the land.

4.3 Scale and intensity of land use

The scale and intensity of use and development associated with community land in Strathfield is generally dependent on:

- the nature of the approved uses and developments
- approved Development Applications and any conditions
- an approved masterplan
- the physical constraints of the land
- the carrying capacity of the land
- relevant government legislation
- permissible times of use
- proximity of neighbours

The scale and intensity of use of the sportsground should be monitored by:

- regular inspection of the physical impacts on the sportsground
- consideration of reports regarding any conflicts between sportsground users or from adjoining neighbours

4.4 Authorisation of leases, licences or other estates over community land

The Act requires that any lease or licence of community land must be authorised by a Plan of Management. The lease or licence must be for purposes consistent with the categorisation and zoning of the land.

The maximum period for leases or licences on community land permitted under the Act is 21 years. If a lease or licence is anticipated, then public notice should be given in accordance with the requirements of the Act.

Where a lease arrangement has been entered into with Council for community land, subleasing the land may only occur with specific permission of Council and in accordance with the requirements of Section 47C of the Act, Clause 119 of the *Local Government (General) Regulation 2005* and conditions set out in agreements.

This Plan of Management authorises existing leases and licence agreements until the end of their current term. The leased or licensed areas may be renewed or changed in future. The leased or licensed areas may be reconfigured in the future to reflect changes in community needs.

This Plan of Management authorises Council to grant leases, licences or any other estates for community land covered in this Plan of Management for purposes and uses which are identified or consistent with those in Tables 5. Some examples of longer term arrangements are outlined in the following Table 6. Shorter arrangements (for example, a short term agreement associated with a particular event, or an activity recurring regularly either via annual or seasonal agreement) are set out in Table 7.

Calculations for fees and charges for leases and licences will be based on independent market rental valuations that are based on comparisons to similar services and facilities with similar locations, building and land conditions. As a minimum standard, the financial return from licence fees should offset asset maintenance, renewal and any operational costs. Council may also apply subsidies to not for profit organisations where there are demonstrated community benefits or financial hardship. Subsidies are generally not applied to commercial or residential leases or licences.

Table 7 - Leases, Licences and other estates

Type of Arrangement Authorised	Land and Facilities covered	Purposes for which long term leasing/licensing will be granted
Licence or lease	Sportsground	<p>Any lease or licence proposal will be individually assessed and considered, including the community benefit, compatibility with this Plan of Management and Council's goals and objectives in its Community Strategic Plan and Delivery Program and the capacity of the land area to support the activity. Sympathetic, compatible uses include:</p> <ul style="list-style-type: none"> • Sporting and recreational purposes, including team sports, fitness activities and games • Clubhouse, kiosk, café and refreshment purposes • Use of lawns or similar facilities
Other Estates	Sportsground	<p>This Plan of Management allows Council to grant 'an estate' over community land for the provision of public utilities and works associated with or ancillary to public utilities in accordance with the <i>Local Government Act 1993</i>.</p> <p>Estates may also be granted across community land that is not affected by endangered communities for the provision of pipes, conduits, or other connections under the surface of the ground for the connection of premises adjoining the community land to a facility of the Council or other public utility provider that is situated on community land.</p>

The grant of a lease or licence is an important step in using community land, but there may be other requirements relevant to any proposed use. For example, the refurbishment of a clubhouse may also require development consent under the *Environmental Planning and Assessment Act 1979*. Any interested person should check carefully to make sure they are aware of all relevant requirements.

4.5 Short Term Uses

50 Redmyre Rd is currently licenced to Strathfield Croquet Club and short term bookings may be booked through the Strathfield Croquet Club, subject to approval.

Agreements for use of community land may be granted for short duration which may be anything from casual hire to a regular use arrangement (eg more than 10 annual hires annually). These short term arrangements should be for the types of uses identified in Table 7 and consistent with prevailing Council policies.

Table 8 - Seasonal, regular and casual use agreements

Community land category	Purposes for which short term uses may be granted subject to council approval	Requirements
Sportsground	<ul style="list-style-type: none">community events and festivalssporting fixtures and eventssports and fitness training and classesfilming or photography of sporting fixtures or eventsuses reasonably associated with the promotion or enhancement of sporting groups, fixtures and events	<ul style="list-style-type: none">the proposed use must comply with terms and conditions for event approval eg SafeWork NSW regulations, insurance, waste management etcthe use should not result in physical damage to the sportsgroundthe use should not result in a significant adverse impact on adjoining residentsorganisers of the site should be responsible for cleaning up the site and notify authorities and Council of any damage or incidents that may occur

In assessing community land categorised as Sportsground as a venue for any proposed utilisation, the Council applies the following minimum criteria:

- Council reserves the right to refuse bookings based on previous unsatisfactory payment or performance history or where proposed use would damage the facility or cause significant disruption to other regular users.
- Fees for short-term casual bookings will be charged in accordance with Council's adopted Fees and Charges at the time.

5. Management of the land

5.1 Objectives and management of community land

The land is managed in accordance to the objectives and methods set out below:

Table 9 Objectives, means and performance measures

Issues	Objectives and performance targets of the plan with respect to the land s.36 (b) Local Government Act 1993	Means by which Council proposes to achieve the plan's objectives and performance targets s.36 (c) Local Government Act 1993	Manner in which Council proposes to assess its performance with respect to the plan's objectives and performance targets s.36 (d) Local Government Act 1993
Access	<ol style="list-style-type: none"> 1. Provide safe and improved access to the sportsground for pedestrians and cyclists. 2. Provide access to and within the sportsground for people with disabilities. 	<ol style="list-style-type: none"> 1. Upgrades, refurbishments and/or improvement works on community land to consider public access requirements for mobility and connections. 2. Proposed ramps, stairs and pathways to comply with relevant Council and BCA requirements consistent with Australian Standards. 	<ol style="list-style-type: none"> 1. Audits of community land and facilities to comply with standards
Amenity and Character	<ol style="list-style-type: none"> 1. Ensure Council's community land and facilities contribute to the amenity and character of the Strathfield LGA. 2. Promote sportsgrounds as desirable places for recreation, community celebration and commemoration. 	<ol style="list-style-type: none"> 1. Provide facilities and pathways as attractive destinations. 2. Maintain and enhance community land and facilities 3. Promote sportsgrounds in local media and website. 	<ol style="list-style-type: none"> 1. Consult with residents and users regarding satisfaction of sportsgrounds and facilities 2. Monitor and action complaint data
Community Facilities	<ol style="list-style-type: none"> 1. Provide sustainable community facilities for a range of community, social and other compatible activities. 	<ol style="list-style-type: none"> 1. Building and structure design specifications to consider sportsground character, expected use and environmental sustainability features. 	<ol style="list-style-type: none"> 1. Monitor usage of community facilities as measured by bookings. 2. Community satisfaction surveys. 3. Facility inspections and audits.

Issues	Objectives and performance targets of the plan with respect to the land s.36 (b) Local Government Act 1993	Means by which Council proposes to achieve the plan's objectives and performance targets s.36 (c) Local Government Act 1993	Manner in which Council proposes to assess its performance with respect to the plan's objectives and performance targets s.36 (d) Local Government Act 1993
	2. Ensure buildings positively contribute to community land amenity, facilitate a range of uses and have regard for environmental sustainable design, resource use and maintenance.	2. Provide community facilities which are multi-purpose and flexible to a range of appropriate uses. 3. Ensure community facilities are universally accessible. 4. Community facilities meet sustainable building requirements and/or are progressively upgraded to incorporate best practice energy and water efficiencies.	4. Monitor comments and complaints
Environmentally Sustainable Principles	1. Manage community land to ensure best environmental management practises and principles having regard to environmental sustainable design, resource use and maintenance.	1. Promote and monitor energy efficiency 2. Minimise use of water 3. Implement waste reduction programs 4. Utilise natural heating and cooling	1. Measure and monitor via plans and strategies such as Energy and Water plans. 2. Monitor usage and trends via quarterly and annual consumption and billing. 3. Monitor and minimise water and energy use in sportsgrounds and ancillary facilities.
Historical and Heritage Significance	1. Appreciation and interpretation of the heritage significance of the site and structures eg memorials in terms of both natural and cultural components.	1. Undertake, when required, heritage and cultural assessment studies to identify cultural and heritage values for retention and interpretation. 2. Incorporate historical information on property signage to enhance understanding and appreciation of the site and the history it represents. 3. Promote sense of place and local identity	1. Retention and interpretation of heritage and cultural values provides increased appreciation of the property and its history as measured by user surveys.
Landscape Character	1. Maintain and improve landscape character and visual quality of public open spaces	1. Manage replacement planting strategies to ensure improvement to the current character.	1. Community consultation including surveys regarding community views

Issues	Objectives and performance targets of the plan with respect to the land s.36 (b) Local Government Act 1993	Means by which Council proposes to achieve the plan's objectives and performance targets s.36 (c) Local Government Act 1993	Manner in which Council proposes to assess its performance with respect to the plan's objectives and performance targets s.36 (d) Local Government Act 1993
		<ol style="list-style-type: none"> 2. Maintain consistency in selection and design of furniture, paving, fencing that is appropriate to the setting and the sport or activity type. 3. Implement & maintain co-ordinated signage strategy 	
Managing assets	<ol style="list-style-type: none"> 1. Provide effective and efficient management of community land and facilities 	<ol style="list-style-type: none"> 1. Schedule regular inspections and condition assessments. 2. Inclusion of maintenance standards in licence, lease or hire agreements. 3. Provide waste and recycling bins to cater for public use. 4. Regular waste and recycling collection to minimise litter overflow 	<ol style="list-style-type: none"> 1. Measure against Service Standard KPIs. 2. Respond to complaints and audits. 3. Monitor agreements 4. Review and update asset management plans periodically
Natural Environment	<ol style="list-style-type: none"> 1. To maintain and enhance the health of park ecology, including flora and fauna, trees and soil 	<ol style="list-style-type: none"> 1. Manage trees, gardens and natural areas to maintain and improve the quality of the environment in accordance with Council's tree management and biodiversity strategies and plans. 2. Retain habitat trees, protect foraging habitat and create/maintain habitat corridors through revegetation where possible 3. Ensure revegetation is undertaken using locally sourced stock from agreed planting lists (refer Strathfield Biodiversity Strategy) 4. Maintain weed management program to minimise spread of weeds 5. Implement actions where required under recovery or threat abatement plan. 	<ol style="list-style-type: none"> 1. Measure and monitor tree canopies, vegetation, weeds and habitat. 2. Undertake periodic flora and fauna reviews

Issues	Objectives and performance targets of the plan with respect to the land s.36 (b) Local Government Act 1993	Means by which Council proposes to achieve the plan's objectives and performance targets s.36 (c) Local Government Act 1993	Manner in which Council proposes to assess its performance with respect to the plan's objectives and performance targets s.36 (d) Local Government Act 1993
Promote varied recreational uses	<ol style="list-style-type: none"> 1. Enhance opportunities for a balanced organised and unstructured recreational use of public open space 2. Optimise public access to public open space. 3. Maintain condition and useability of sportsgrounds and 'sustainable capacity'. 	<ol style="list-style-type: none"> 1. Capital works program to plan for improvements and upgrades to community land. 2. Promote a range of organised and informal/unstructured activities on community land 3. Provide amenities that support use and enjoyment of parks and sportsgrounds eg toilets, change rooms and kiosk/café facilities. 4. Enforce provisions for management of dogs on community land as per requirements of Council's Companion Animal Policy. 	<ol style="list-style-type: none"> 1. Monitor local use of parks and sportsgrounds by bookings, surveys, complaints and observation.
Safety and Risk Management	<ol style="list-style-type: none"> 1. Provide safe use and access to public land and facilities. 	<ol style="list-style-type: none"> 1. Design and maintain layouts, landscaping and facilities in accordance with CPTED principles (Crime Prevention through Environmental Design) principles including passive surveillance, good sight lines, territorial reinforcement and space management and lighting. 2. Review lighting and security for both day and night time use. 3. Work with local police to identify and act on safety issues. 4. Install and maintain facilities in accordance with relevant Australian standards. 5. Repair vandalism or graffiti within 48 hours where possible. 	<ol style="list-style-type: none"> 1. Works to be in accordance with relevant Australian Standards and CPTED principles. 2. Monitor and action incident and accident reports.
