

IDAP REPORT

Property:	24 Amaroo Avenue STRATHFIELD LOT 18 DP 35941 DA2021/159
Proposal:	Installation of a new roof and privacy screen for an existing rear deck.
Applicant:	Y Qiu
Owner:	Y Qiu
Date of lodgement:	12 July 2021
Notification period:	16 July 2021 – 2 August 2021
Submissions received:	Nil
Assessment officer:	L Gibson
Estimated cost of works:	\$11,000.00
Zoning:	R2 - Low Density Residential - SLEP 2012
Heritage:	No
Flood affected:	No
Is a Clause 4.6 Variation Proposed:	No
RECOMMENDATION OF OFFICER:	APPROVAL

Figure 1. Aerial imagery of the subject site (outlined) and the immediate locality.

EXECUTIVE SUMMARY

Proposal

Development consent is being sought for the installation of a new roof and privacy screen for an existing rear deck.

Site and Locality

The site is identified as 24 Amaroo Avenue STRATHFIELD and has a legal description of Lot: 18 DP: 35941. The site is a regular shaped parcel of land and is located north of Noble Avenue and South of High Street. The property is an east-west oriented block located on the eastern side of Amaroo Avenue.

The site has a width of 16.76m, a depth of 32.12m and an overall site area of 537.5m².

The locality surrounding the subject site contains a mixture of single and two (2) storey dwellings of varying housing styles.

Strathfield Local Environmental Plan

The site is zoned R2-Low Density Residential under the provisions of Strathfield LEP 2012 and the proposal is a permissible form of development with Council's consent. The proposal satisfies all relevant objectives contained within the LEP.

Development Control Plan

The proposed development generally satisfies the provisions of Strathfield Consolidated DCP 2005. This is discussed in more detail in the body of the report.

Notification

The application was notified in accordance with Council's Community Participation Plan from 16 July 2021 – 2 August 2021, where no submissions were received during this time.

Conclusion

Having regards to the heads of consideration under Section 4.15 of the Environmental Planning & Assessment Act 1979, Development Application 2021/159 is recommended for **Approval** subject to suitable conditions of consent.

REPORT IN FULL

Proposal

Council has received an application for the installation of a new roof and privacy screen for an existing rear deck.

Figure 2: Extract of the proposed new deck roof, drawing # A301, Revision A, dated 18/05/2021 (source: Urbanform Design Pty Ltd).

The Site and Locality

The subject site is legally described as Lot: 18 DP: 35941 and commonly known as 24 Amaroo Avenue STRATHFIELD. It is located on the eastern side of Amaroo Avenue, south of High Street and north of Noble Avenue.

The site is regular in shape and has a frontage width of 16.76m, a depth of 32.12m and an overall site area of 537.5m². The site contains a gentle cross-fall to the street.

The site is occupied by an existing two (2) storey dwelling with timber decking area to the rear. Vehicular access is provided to the site via an existing driveway from the south.

Dwellings along Amaroo Avenue comprise a mixture of single and two (2) storey dwellings of varying styles. There are a variety of architectural styles in the streetscape including post-war brick cottages with pitched roof forms and modern-style rendered dwellings.

Background

1 February 2018	DA2017/161 for demolition of existing structures and construction of a new two (2) storey dwelling with front fence and double garage was approved by Council.
--------------------	--

The rear decking area was approved as follows:

12 July 2020 Council was notified of numerous complaints regarding the extension of rear decking area. Council's compliance team advised the owner of this and reminded owner to ensure that the extension of decking area complies with Exempt and Complying Development Codes SEPP 2008.

Based on the information submitted to Council, the new rear deck complies with the Exempt and Complying Development Codes SEPP 2008 and is therefore no cause for concern. This application is merely to construct a roof over the decking area.

23 July 2019 An Occupation Certificate for the development was issued.

12 July 2021 The application was lodged and publicly notified for 14 days from 16 July 2021 – 2 August 2021

15 July 2021 Site Inspection was carried out by Council's Assessing Officer.

Referrals – Internal and External

The application was not required to be referred either internally or externally.

Section 4.15 Assessment – EP&A Act 1979

The following is an assessment of the application with regard to Section 4.15 (1) of the Environmental Planning and Assessment Act 1979.

(1) *Matters for consideration – general*

In determining an application, a consent authority is to take into consideration such of the following matters as are of relevance to the development the subject of the development application:

- (a) the provision of:***
- (i) any environmental planning instrument,***

Strathfield Local Environmental Plan

The development site is subject to the Strathfield Local Environmental Plan 2012

Part 2 – Permitted or Prohibited Development

Clause 2.1 – Land Use Zones

The subject site is zoned R2-Low Density Residential and the proposal is a permissible form of development with Council's consent.

Part 4 – Principal Development Standards

Applicable SLEP 2012 Clause	Development Standards	Development Proposal	Compliance/ Comment
4.3 Height of Buildings	9.5m	3.83m to roof pitch of rear roof over decking	Yes

Part 5 – Miscellaneous Provisions

Flood Planning

The subject site has been identified as being at or below the flood planning level. Notwithstanding, the site is only partially flood affected in the front portion closest to the street. As the proposed works are contained to the rear and result in no change to the building envelope, the proposal will not impact upon flood waters. The proposed development is considered to satisfy the objectives of this clause.

Part 6 – Additional Local Provisions

Acid Sulfate Soils

The subject site is identified as Class 5 Acid Sulfate Soils and is located 370m from Class 5 soils. Notwithstanding, the proposal does not involve any earthworks to require an Acid Sulphate Soils Management Plan. Accordingly, the proposal satisfies the provisions of this control.

Earthworks

The proposal does not include any significant excavation or basement works. Any excavation for footings or levelling of the site is considered to be minor and will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land.

Essential Services

Clause 6.4 of the SLEP 2012 requires consideration to be given to the adequacy of essential services available to the subject site. The subject site is located within a well serviced area and features existing water and electricity connection and access to Council's stormwater drainage system. As such, the subject site is considered to be adequately serviced for the purposes of the proposed development

It is considered that the proposed development satisfies the aims, objectives and development standards, where relevant, of the Strathfield LEP 2012.

STATE ENVIRONMENTAL PLANNING POLICY (BUILDING SUSTAINABILITY INDEX: BASIX) 2004

As the value of works is less than \$50,000 or based on the nature of the development type, there is no requirement for the application to be assessed in accordance with the BASIX SEPP.

STATE ENVIRONMENTAL PLANNING POLICY NO. 55 – REMEDIATION OF LAND (SEPP 55)

SEPP 55 applies to the land and pursuant to Section 4.15 is a relevant consideration.

A review of the available history for the site gives no indication that the land associated with this development is contaminated. There were no historic uses that would trigger further site investigations.

The objectives outlined within SEPP55 are considered to be satisfied.

STATE ENVIRONMENTAL PLANNING POLICY (VEGETATION IN NON-RURAL AREAS) 2017

State Environmental Planning Policy (Vegetation in Non-Rural Areas) 2017 replaces the repealed provisions of clause 5.9 of SLEP 2012 relating to the preservation of trees and vegetation.

The intent of this SEPP is consistent with the objectives of the repealed Standard where the primary aims/objectives are related to the protection of the biodiversity values of trees and other vegetation on the site.

The proposed development does not result in the removal or loss of any trees or vegetation subject to the provision of this SEPP.

The aims and objectives outlined within the SEPP are considered to be satisfied.

(ii) any draft environmental planning instrument that is or has been placed on public exhibition and details of which have been notified to the consent authority, and

There are no draft planning instruments that are applicable to this site.

(iii) any development control plan,

The proposed development is subject to the provisions of the Strathfield Consolidated Development Control Plan 2005. The following comments are made with respect to the proposal satisfying the objectives and controls contained within the DCP.

Applicable DCP Controls	DCP Controls	Development Proposal	Compliance/ Comment
Building Envelope			
Floor Space Ratio:	LEP control		
Heights:	Maximum 9.5m above NGL	3.83m above NGL to roof height over decking area.	Yes
Setbacks:		The roof structure will align directly above the existing rear decking area.	
Side: Rear:	1.2m (min) 6m	Setbacks remain unchanged: North (side): 2.8m South (side): 1.52m East (rear): 2.1m	No however acceptable on merit – The proposal does not result in any change to the prevailing setbacks approved under the parent consent.

Building Envelope

The proposed development satisfies the objectives and controls within the development control plan relevant to:

- Building Scale, height and floor space ratio
- Rhythm of Built Elements in the Streetscape,
- Fenestration and External Materials, and
- Street Edge

Privacy

The proposed development satisfies the relevant objectives and controls of the SCDP 2005, in that adequate privacy is maintained between adjoining properties and any potential overlooking is minimised. Windows are offset from adjoining dwellings where required, they are screened, obscured or off low active use rooms so as not to negatively impact on adjoining properties. Balconies are either screened, setback or of limited size so as to not impact on the amenity or privacy of the adjoining dwellings whilst providing good amenity to the occupant of the dwelling.

PART H – Waste Management (SCDCP 2005)

In accordance with Part H of Strathfield CDCP 2005, a waste management plan was submitted with the application. The plan details measure for waste during demolition and construction, and the on-going waste generated by the development during its use. It is considered that this plan adequately address Part H and considered satisfactory.

(iv) *Any matters prescribed by the regulations, that apply to the land to which the development application relates,*

The requirements of Australian Standard AS2601–1991: *The Demolition of Structures* is relevant to the determination of a development application for the demolition of a building.

The proposed development does not involve the demolition of a building. Should this application be approved, appropriate conditions of consent may be imposed to ensure compliance with the requirements of the above standard.

(b) *the likely impacts of that development, including environmental impacts on both the natural and built environments, and social and economic impacts in the locality,*

The proposed development is of a scale and character that is in keeping with other developments being constructed in the locality. Accordingly, the proposal is not considered to have a significant impact on the natural and built environment or any negative social or economic impacts on the locality.

(c) *the suitability of the site for the development,*

It is considered that the proposed development is of a scale and design that is suitable for the site having regard to its size and shape, its topography, vegetation and relationship to adjoining developments.

(d) *any submissions made in accordance with this Act or the regulations,*

In accordance with the provisions of Councils Community Participation Plan, the application was placed on neighbour notification for a period of fourteen (14) days where adjoining property owners were notified in writing of the proposal and invited to comment. No submissions were received during this time.

(e) *the public interest.*

The proposed development is of a scale and character that does not conflict with the public interest.

Local Infrastructure Contributions

Section 7.13 of the EP&A Act 1979 relates to the collection of monetary contributions from applicants for use in developing key local infrastructure. This section prescribes in part as follows:

A consent authority may impose a condition under section 7.11 or 7.12 only if it is of a kind allowed by, and is determined in accordance with, a contributions plan (subject to any direction

of the Minister under this Division). Strathfield Indirect contributions are not required as the proposed works are less than \$100,000.

Conclusion

The application has been assessed having regard to the Heads of Consideration under Section 4.15 (1) of the Environmental Planning and Assessment Act 1979, the provisions of the SLEP 2012 and SCDP 2005.

Following detailed assessment it is considered that Development Application No. 2021/159 should be approved.

Signed:

**L Gibson
Senior Planner**

Date: 21 July 2021

- ☒ I confirm that I have determined the abovementioned development application with the delegations assigned to my position;
- ☒ I have reviewed the details of this development application and I also certify that Section 7.11/7.12 Contributions are not applicable to this development.

Report and recommendations have been peer reviewed and concurred with.

Signed:

**Gary Choice
Planner**

Date: 2 August 2021

The following conditions of consent are imposed for the following reasons:

- (a) To ensure compliance with the terms of the relevant Environmental Planning Instrument and/or Building Code of Australia and/or Council's codes, policies and specifications.
- (b) To protect the environment.
- (c) To ensure that there is no unacceptable impact on the amenity of the area, or to private and public property.
- (d) It is in the public interest.

DEVELOPMENT DETAILS

1. Approved Plans & Documentation

The development must be implemented in accordance with the approved plans and supporting documentation listed below which have been endorsed by Council's approved stamp, except where marked up on the plans and/or amended by conditions of this consent:

Description	Reference No.	Date	Revision	Prepared by
Proposed New Roof Deck Cover Sheet	DWG.A001	28.5.21	A	Urbanform Design Pty Ltd
Proposed Ground Floor Plan	DWG.A201	18.5.21	A	Urbanform Design Pty Ltd
Elevations 1 of 2	DWG.A301	18.5.21	A	Urbanform Design Pty Ltd
Elevations 2 of 2	DWG.A302	18.5.21	A	Urbanform Design Pty Ltd
Waste Management Plan	-	24.6.21	-	Urbanform Design Pty Ltd

SEPRARATE APPROVALS REQUIRED UNDER OTHER LEGISLATION

2. Section 138 Roads Act 1993 and Section 68 Local Government Act 1993

Unless otherwise specified by a condition of this consent, this Development Consent does not give any approval to undertake works on public infrastructure.

Separate approval is required under Section 138 of the [Roads Act 1993](#) and/or Section 68 of the [Local Government Act 1993](#) for any of the following activities carried out in, on or over a public road (including the footpath) listed below.

An application is required to be lodged and approved prior to the commencement of any of the following works or activities;

- (a) Placing or storing materials or equipment;
- (b) Placing or storing waste containers or skip bins;
- (c) Erecting a structure or carrying out work
- (d) Swinging or hoisting goods over any part of a public road by means of a lift, crane or the like;

- (e) Pumping concrete from a public road;
- (f) Pumping water from the site into the public road;
- (g) Constructing a vehicular crossing or footpath;
- (h) Establishing a “works zone”;
- (i) Digging up or disturbing the surface of a public road (e.g. Opening the road for the purpose of connections to utility providers);
- (j) Stormwater & ancillary works in the road reserve; and
- (k) Stormwater & ancillary to public infrastructure on private land
- (l) If any excavation is to be supported by the use of below ground (cable) anchors that are constructed under Council’s roadways/footways.

These separate activity approvals must be obtained and evidence of the approval provided to the Certifying Authority prior to the issue of the Construction Certificate.

The relevant Application Forms for these activities can be downloaded from Council’s website www.strathfield.nsw.gov.au. For further information, please contact Council’s Customer Service Centre on (02) 9748 9999.

PRIOR TO THE ISSUE OF A CONSTRUCTION CERTIFICATE

3. Fees to be Paid

The fees listed in the table below must be paid in accordance with the conditions of this consent and Council’s adopted Fees and Charges applicable at the time of payment (available at www.strathfield.nsw.gov.au).

Payments must be made prior to the issue of the Construction Certificate or prior to the commencement of work (if there is no associated Construction Certificate).

Please contact council prior to the payment of s7.11 or s7.12 Contributions to determine whether the amounts have been indexed from that indicated below in this consent and the form of payment that will be accepted by Council.

A summary of the fees to be paid are listed below:

Fee Type	Fee
GENERAL FEES	
Security Damage Deposit	\$ 430.00
Administration Fee for Damage Deposit	\$ 130.00

General Fees

The fees and charges above are subject to change and are as set out in the version of Council's Schedule of Fees and Charges or as required by other Government Authorities, applicable at the time of payment.

4. Damage Deposit – Minor Works

In order to insure against damage to Council property the following is required:

- (a) Pay Council, before the issue of the Construction Certificate, a damage security deposit for the cost of making good any damage caused to any Council property as a result of the development: \$430.00
- (b) Pay Council, before the issue of the Construction Certificate, a non-refundable administration fee to enable assessment of any damage and repairs where required: \$130.00
- (c) Submit to Council, before the commencement of work, a photographic record of the condition of the Council nature strip, footpath and driveway crossing, or any area likely to be affected by the proposal.

At the completion of work Council will inspect the public works, and the damage deposit will be refunded in full upon completion of work where no damage occurs. Otherwise the amount will be either forfeited or partly refunded according to the amount of damage.

DURING CONSTRUCTION

5. Hours of Construction for Demolition and Building Work

Any work activity or activity associated with the development consent that requires the use of any tools (including hand tools) or any power operated plant and machinery that creates noise on or adjacent to the site shall not be performed, or permitted to be performed, except between the hours of 7.00 am to 5.00 pm, Monday to Friday and 8:00am to 1:00pm on Saturdays. No work or ancillary activity is permitted on Sundays, or Public Holidays.

Where the development involves the use of jack hammers/rock breakers and the like, or other heavy machinery, such equipment may only be used between the hours of 7:00am to 5:00pm Monday to Friday only.

Note: A penalty infringement notice may be issued for any offence.

OPERATIONAL REQUIREMENTS UNDER THE ENVIRONMENTAL PLANNING & ASSESSMENT ACT 1979

6. Requirement for a Construction Certificate

The erection of a building must not commence until a Construction Certificate has been issued.

7. Appointment of a PCA

The erection of a building must not commence until the applicant has:

- (a) appointed a PCA for the building work; and
- (b) if relevant, advised the PCA that the work will be undertaken as an Owner - Builder.

If the work is not going to be undertaken by an Owner - Builder, the applicant must:

- (c) appoint a Principal Contractor to undertake the building work. If residential building work (within the meaning of the [Home Building Act 1989](#)) is to be undertaken, the Principal Contractor must be a holder of a contractor licence; and
- (d) notify the PCA of the details of any such appointment; and
- (e) notify the Principal Contractor of any critical stage inspections or other inspections that are required to be carried out in respect of the building work.

8. Notification of Critical Stage Inspections

No later than two days before the building work commences, the PCA must notify:

- (a) the consent authority and the Council (if not the consent authority) of his or her appointment; and
- (b) the applicant of the critical stage inspections and other inspections that are to be carried out with respect to the building work.

9. Notice of Commencement

The applicant must give at least two days notice to the Council and the PCA of their intention to commence the erection of a building.

10. Critical Stage Inspections

The last critical stage inspection must be undertaken by the PCA. The critical stage inspections required to be carried out vary according to Building Class under the Building Code of Australia and are listed in Clause 162A of the [Environmental Planning and Assessment Regulation 2000](#).

11. Occupation Certificate

A person must not commence occupation or use of the whole or any part of a new building unless an Occupation Certificate has been issued in relation to the building or part.

PRESCRIBED CONDITIONS

12. Clause 98 – Building Code of Australia & Home Building Act 1989

Requires all building work to be carried out in accordance with the Building Code of Australia. In the case of residential building work to which the [Home Building Act 1989](#) relates, there is a requirement for a contract of insurance to be in force before any work commences.

13. Clause 98A – Erection of Signs

Requires the erection of signs on site and outlines the details which are to be included on the sign. The sign must be displayed in a prominent position on site and include the name and contact details of the PCA and the Principal Contractor.

14. Clause 98B – Home Building Act 1989

If the development involves residential building work under the [Home Building Act 1989](#), no work is permitted to commence unless certain details are provided in writing to Council. The name and licence/permit number of the Principal Contractor or Owner Builder and the name of the Insurer by which work is insured under Part 6 of the [Home Building Act 1989](#).

ADVISORY NOTES

1. Review of Determination

Section 8.2 of the Environmental Planning and Assessment Act confers on an applicant who is dissatisfied with the determination of the application the right to lodge an application with Council for a review of such determination. Any such review must however be completed within 6 months from its determination. Should a review be contemplated sufficient time

should be allowed for Council to undertake public notification and other processes involved in the review of the determination.

Note: review provisions do not apply to Complying Development, Designated Development, State Significant Development, Integrated Development or any application determined by the Sydney East Planning Panel or the Land & Environment Court.

2. Appeal Rights

Division 8.3 (Reviews and appeals) Part 8 of the Environmental Planning and Assessment Act 1979 confers on an applicant who is dissatisfied with the determination of the application a right of appeal to the Land and Environment Court of New South Wales.

3. Lapsing of Consent

This consent will lapse unless the development is physically commenced within 5 years from the Date of Operation of this consent, in accordance with Section 4.53 of the Environmental Planning and Assessment Act 1979 as amended.

4. Access to NSW Legislations (Acts, Regulations and Planning Instruments)

NSW legislation can be accessed free of charge at www.legislation.nsw.gov.au

5. Long Service Levy

The Long Service Corporation administers a scheme which provides a portable long service benefit for eligible workers in the building and construction industry in NSW. All benefits and requirements are determined by the Building and Construction Industry Long Service Payments Act 1986. More information about the scheme and the levy amount you are required to pay to satisfy a condition of your consent can be found at <http://www.longservice.nsw.gov.au>.

The required Long Service Levy payment can be direct to the Long Service Corporation via their web site <https://online.longservice.nsw.gov.au/bci/levy>. Payments can only be processed on-line for the full levy owing and where the value of work is between \$25,000 and \$6,000,000. Payments will be accepted for amounts up to \$21,000, using either MasterCard or Visa.
