EXECUTIVE SUMMARY

Proposal

Development consent is being sought for the construction of two swimming pools, two garden storage rooms and alterations to the terraces.

Background

The application was considered by IDAP on 3 September 2021. At this meeting the panel resolved to defer the application to allow the following matters to be addressed:

- For the conditions of consent to be drafted.

For completeness, no amendment of plans or further supporting documentation was required.

Strathfield Local Environmental Plan

The site is zoned R2 - Low Density Residential under the provisions of Strathfield LEP 2012 and the proposal is a permissible form of development with Council's consent.

Notification

The re-notification of the application as a result of IDAP's deferral was not necessary.

Local Infrastructure Contributions

Section 7.13 of the EP&A Act 1979 relates to the collection of monetary contributions from applicants for use in developing key local infrastructure. This section prescribes in part as follows:

A consent authority may impose a condition under section 7.11 or 7.12 only if it is of a kind allowed by, and is determined in accordance with, a contributions plan (subject to any direction of the Minister under this Division).

STRATHFIELD INDIRECT SECTION 7.12 CONTRIBUTIONS PLAN

Section 7.12 Contributions are not applicable to the proposed development in accordance with the Strathfield Indirect Development Contributions Plan. For completeness, the nominated cost of works of \$60,073.00 does not trigger the Section 7.12 Indirect Contributions Plan from applying.

Conclusion

The addendum report provides confirmation that the deferred matter has been appropriately resolved with the preparation of the conditions of consent.

Having regards to the heads of consideration under Section 4.15 of the *Environmental Planning & Assessment Act 1979*, Development Application 2021/103 is recommended for approval subject to suitable conditions of consent.

- ☒ I have reviewed the details of this development application and I also certify that Section 7.11/7.12 Contributions are applicable to this development and have been levied accordingly.
