

Road work on Marlborough Road, Homebush West from Monday 16 January 2023

December 2022

Transport for NSW will carry out essential road maintenance work on Marlborough Road, Homebush West between Parramatta Road and the railway track between **Monday 16 January** and **Monday 6 February 2023**.

The work will involve collecting litter, sweeping the road, cleaning out drainage, replacing signage and clearing overgrown vegetation, including a number of dead trees that need to be removed to ensure safety for road users. Transport for NSW is considering this area for future landscaping to improve long-term maintenance outcomes. If you would like to provide feedback about the vegetation on Marlborough Road, please contact our delivery partner, Fulton Hogan.

Our maintenance work aims to:

- prevent, or minimise, damage to roads from weather and wear and tear
- increase safety
- provide consistent driving conditions
- reduce maintenance costs.

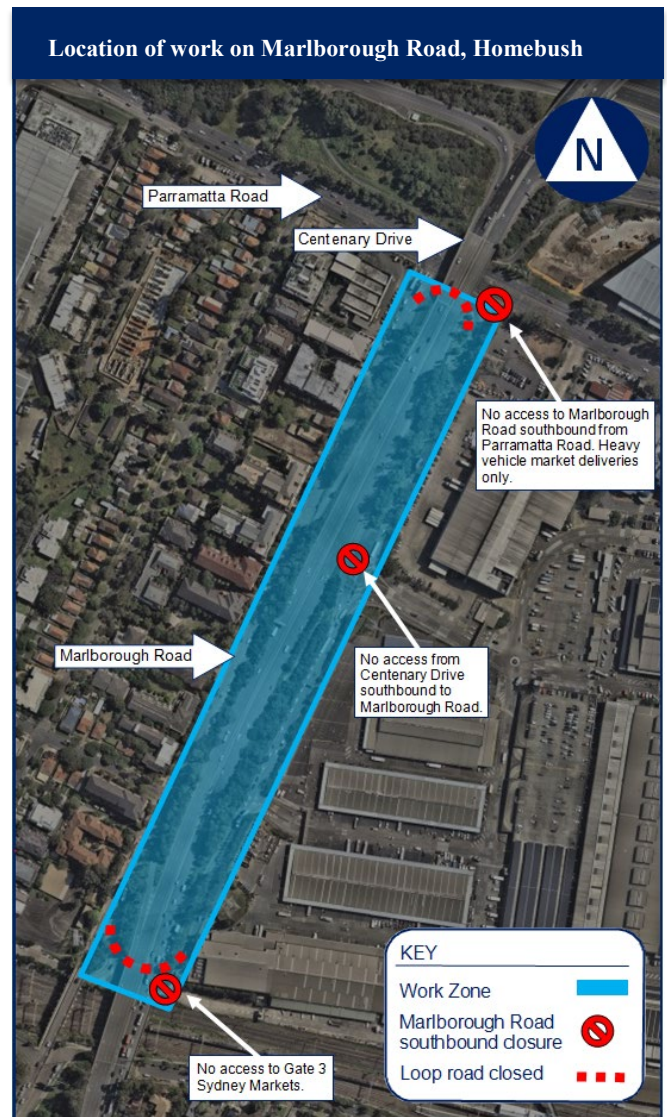

Our work schedule

We will be on site for up to six night shifts between **Monday 16 January** and **Monday 6 February 2023**. We will not work on public holidays.

Our night work hours will be between **8:30pm** and **5am** from **Sunday** to **Friday**. Separate shifts will take place for work on either side of Marlborough Road, including:

- **Southbound** – Monday 16 and Monday 30 January 2023 (Monday 6 February for contingency only) with road closure in place for Marlborough Road southbound and loop road traffic.
- **Northbound** – Tuesday 17 and Wednesday 18 January 2023 (Thursday 19 for contingency only) with access maintained for all road users and residents.

If we experience wet weather on any of the nights we are working, we will need to postpone work until the next dry period. If you would like to be kept updated on our work schedule, you can contact our delivery partner, Fulton Hogan, as detailed overleaf.

How will the work affect you?

Our work needs to be carried out at night to limit disruption to traffic and reduce safety risks to our workers, pedestrians and road users. It may be noisy at times, but we will do everything we can to minimise noise impacts, including turning off equipment and vehicles when they are not in use and using quieter equipment such as electric chainsaws (compared to petrol powered). The vast majority of dead trees being removed are small in diameter so their removal will only have short-term noise impacts. Tree removal work will be carried out over two to three shifts.

Example of dead trees on Marlborough Road northbound

Traffic changes

On **Monday 16** and **Monday 30 January 2023**

access to Marlborough Road from Parramatta Road and Centenary Drive southbound on/off ramps will not be permitted during our night time work hours for general traffic. This closure also includes the northbound and southbound loop roads under Centenary Drive. During this time:

- access will be maintained for Sydney Market **heavy vehicle deliveries only** to Austin Avenue market entrance via Parramatta Road, under the direction of traffic controllers
- light vehicles needing to access the markets will need to do so via the Potts Road entrance on Parramatta Road only.

For general traffic, detours will be place:

- **Eastbound motorists on Parramatta Road** will need to detour via Leicester Avenue, Raw Square, Redmyre Road, The Boulevarde, Liverpool Road and Centenary Drive to access Marlborough Road northbound.
- **Westbound motorists on Parramatta Road** will need to detour via St Hilliers Road, Boorea Street, Olympic Drive, Rookwood Road, Bruncker Street, Liverpool Road and Centenary Drive to access Marlborough Road northbound.
- **Southbound motorists on Centenary Drive** will need to detour via Centenary Drive, U-turn at Liverpool Road, Centenary drive northbound to access Marlborough Road northbound.

Closure notifications will be displayed on Variable Message Boards around the area at least five days before the work commences. On **Tuesday 17** and **Wednesday 18 January 2023**, work on Marlborough Road northbound will be carried out under lane closures only, with access maintained for residents.

Pedestrians using dedicated pedestrian crossings will not be impacted as traffic controllers will be on site to assist.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.
