PUBLIC LAND REGISTER

AS AT 10 APRIL 2024

Strathfield Council Public Land Register

The Public Land Register is prepared in accordance with Section 53 *Local Government Act 1993*.

This register contains a listing of public land, including community and operational classifications, which is owned or in the care and control of Council.

The register also contains land owned by other parties such as Crown Land and NSW State Agencies or Corporations, particularly where land is located within a park or used for open space.

This register has been compiled to not only meet the legislative requirements of the Local Government Act 1993, but also to act as a useful reference document in providing an overview of all land under Council's management.
